

## 2012 Exhibitor

### Security

The International Society for Magnetic Resonance in Medicine will provide one security guard at the entrance of the exhibit hall on a 24-hour basis and an additional roving guard during closed hours only throughout the exhibition, as well as during set-up and dismantle times.

If individual security needs are required for an exhibitor's booth, the exhibitor should contact the ISMRM or view the additional order form provided within this Service Kit for additional pricing information. The ISMRM is not responsible for any loss of or damage to any property, for any cause.

Due to the integration of traditional and e-posters onto the exhibition floor, there may be a greater need to contract additional security to your booth. Please make note of the liability and insurance policies on page 21 of the ISMRM Prospectus for requirements.

Please make sure that additional security measures are in place for booths that include valuable displays during off hours on the exhibition floor.

#### Technical Exhibition Dates & Hours
