

STUDY GROUP SESSION

Title: Detection & Correction of Motion in MRI & MRS

Day: Monday, 09 May 2016

Time: 14:15-16:15

Room #: Hall 406 D

Study Group *Chair, Anja C. S. Brau, Ph.D.; Vice Chair, Colin Studholme, Ph.D.; Secretary, Lars G. Hanson, Ph.D.*

Committee: *Past-Chair, Andre van der Kouwe, PhD*

2016-2017 Incoming Committee: Secretary, Tobias Kober, Ph.D.

Overview: The purpose of the Motion Correction Study Group Session is to gather together scientists and clinicians with a common interest in motion correction topics to share and discuss the latest developments in this field. The session will primarily take the form of selected e-poster and traditional poster abstract presentations in small group settings, judged by a small panel of experts, followed by the presentation of awards.
