

## STUDY GROUP SESSION

**Title:** Detection & Correction of Motion in MRI & MRS

**Day:** Wednesday, 26 April

**Time:** 16:15-18:15

**Room #:** Rm 317AB

**Study Group** *Chair, Colin Studholme, Ph.D.; Vice Chair, Lars G. Hanson, Ph.D.; Secretary, Tobias Kober, Ph.D.;*

**Committee:** *Past-Chair, Anja C. S. Brau, Ph.D.*

**2017-2018 Incoming Committee :** *Secretary, M. Dylan Tisdall, Ph.D.; Trainee Representative, Michael Herbst, Ph.D.*

**Overview:** The purpose of the Motion Correction Study Group Session is to gather together scientists and clinicians with a common interest in motion correction topics to share and discuss the latest developments in this field. The session will primarily take the form of selected e-poster and traditional poster abstract presentations in small group settings, judged by a small panel of experts, followed by the presentation of awards.
