

Philips APAC MR Symposium

Breaking diagnostic boundaries with AI and clinical science in MR

This scientific symposium facilitated by Professor Tim Leiner, Vice-President of ISMRM 2020 will focus on the latest research developments and **the power of AI in Magnetic Resonance**.

Join us on Tuesday, 11 August, 2.00 pm (Singapore, GMT + 8)

Program

2.00 pm Welcome & Opening remarks

Anna Lerman, MD, MR Business Marketing Manager, Philips Asia Pacific

2.05 pm What do I want from AI in clinical magnetic resonance imaging? - A clinicians view

Prof. Tim Leiner, Vice – President, ISMRM 2020

2.30 pm The next wave of Philips MR Innovations

Paul Folkers, PhD, Head of Global MR Clinical Science, Philips

2.50 pm Q & A

Speakers

Prof. Tim Leiner is presently tenured Professor of Radiology at the Department of Radiology, Utrecht University Medical Center in The Netherlands. His research interests center around the development and implementation of new MR techniques for cardiovascular imaging. Dr. Leiner has served as faculty member and member of the organizing committees at the annual meetings of the ESMRMB, ISMRM, SCMR, ECR and RSNA among others. Dr. Leiner is the author of over 300 original papers, review articles and book chapters as well as editor of several electronic radiology textbooks. Dr. Leiner has been elected to the ISMRM Executive Committee in 2018 and is a vice-president of the ISMRM 2020.

Paul Folkers obtained his Ph.D. in Biochemical Physics at the University of Nijmegen, The Netherlands. He has also conducted research at the Max Planck Institute of Biochemistry, Germany, the European Molecular Biology Laboratory in Germany and the National Institutes of Health, Bethesda, USA.

Register for this symposium

This event is by-invitation only.

Registration will close on 10 August, 2.00 pm (Singapore, GMT+8)
