made easy**

ISMRM 2022

07-12 May 2022 London, England, UK

Visit us at Booth H20

The Future of Intelligent MRI

Introducing Activity, our bold new approach to AI innovation in the MRI suite. Canon continues to collaborate with research sites globally to deliver a new era of insight, intelligence and advanced diagnosis. We look forward to welcoming you to our booth at ISMRM 2022, or join us at our Gold Sponsored symposium to learn how we are supporting our partners to craft the future of intelligent MRI.
