

JOIN THE LATIN AMERICAN CHAPTER

Who We Are

The ISMRM Latin American Chapter is a network of researchers, clinicians, and students from across Latin America and its diaspora to promote collaboration, education, and innovation in the field of magnetic resonance imaging.

Our Mission

- Promote scientific collaboration
- Support education and training
- Foster diversity and visibility
- Increase visibility of Latin American research

Why Join Us?

- Network with MR experts and peers across Latin America and beyond
- Access exclusive events
- Showcase your research

Whether you are a student, postdoc, clinician, or professor – we welcome your participation, regardless of nationality, if you reside in Latin America or are a Latin American citizen living in another country!
