The Department of Radiology at Stanford School of Medicine is searching for a full-time Body MR radiologist. This faculty appointment would be either in the Medical Center Line or Clinician Educator Line at the Clinical Instructor, Assistant or Associate Professor level. The major criteria for appointment for faculty in the Medical Center Line is excellence in the overall mix of clinical care, teaching, scholarly activity that advances clinical medicine, and institutional service appropriate to the programmatic need the individual is expected to fulfill. The major criteria for appointment in the Clinician Educator Line is excellence in the overall mix of clinical care and clinical teaching appropriate to the programmatic need the individual is expected to fulfill. Rank will be determined by the qualifications and experience of the successful candidate.

Responsibilities will be focused on development and interpretation of body MRI. Also, the ideal candidate will have an interest in MR-guided procedures. The Department of Radiology at Stanford is currently expanding, with significant growth in both the clinical divisions and translational sciences. Exceptional research opportunities exist within the Department, the School of Medicine, and the University. Research will also be facilitated by an actively expanding clinical program with the imminent opening of two new hospitals on campus.

The successful candidate will have demonstrated exceptional qualities and promise as a clinician, teacher, and ideally a scientist. Candidates should have an MD or MD/PhD degree(s), must be board-certified in diagnostic radiology or equivalent training. Research approaches can be basic science or engineering, clinical, or translational.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford also welcomes applications from others who would bring additional dimensions to the University’s research, teaching and clinical missions.
Please apply on-line at http://radjobs.stanford.edu by submitting your curriculum vitae and a statement describing your clinical, teaching, and research activities and interests.
