RSL Program Deputy Director

The Radiological Sciences Laboratory (RSL) is a section of the Radiology Department that conducts research in areas of Magnetic Resonance Imaging, X-Ray, X-Ray Computed Tomography and MR-Guided Focused Ultrasound. There are twelve PhD scientists who collaborate with numerous clinicians and researchers in other departments to develop improved imaging methods for scientific, diagnostic and therapeutic applications.

The RSL is housed in several locations including the Lucas Center for Imaging, the Grant Science Building, and the Technology and Innovation Campus. Facilities include four whole-body GE MRI systems and the Lucas Service Center which offers MRI access to hundreds of researchers both inside and outside the Radiology Department, and the Zeego X-Ray Lab, which offers a C-Arm X-ray system.

Job duties and responsibilities include:

- **Scientific Collaborator:**
  - Assist in grant writing big proposals, industry collaboration, and clinical research.
  - Liaison within the Radiology Department among other Deputy Directors and Vice Chair of Research
  - Increase funding opportunities
  - Maintain centralized grant resources:

- **Partner with the RSL and RSL Director on various initiatives**
  - Advocate funding for students via education programs and training grant programs
  - Evangelize the RSL program through managing the content on the RSL website and promotion and outreach programs
  - Philanthropy efforts

- **Other**
  - 10-20% initiate own ideas
  - Manage visitors
  - Space planning
  - Data sharing
  - 25% Research

Requirements for the job are a PhD or MD/PhD degree, with a minimum of three years at the Research Associate rank or equivalent research scientist experience with evidence of successful teamwork and strong administrative skills.

Stanford University is committed to equal opportunity through affirmative action in employment and we are especially eager to identify minority persons and women with appropriate qualifications. Stanford University is an equal opportunity employer and is committed to increasing the diversity of its faculty and academic staff. It welcomes nominations of and applications from women and members of minority groups, as well as others who would bring additional dimensions to the University’s research, teaching and clinical missions.

If interested, please send your CV and a letter of intent to Dr. Kim Butts-Pauly, Director of RSL at kbpauly@stanford.edu.
