

## Research Assistant Professor

The University of Pittsburgh Department of Radiology is recruiting for a Research Assistant Professor outside of the tenure stream. The candidate should have a PhD in a relevant discipline, previous research experience in MRI engineering, pulse sequence development and/or high field MRI applications. Position will be 100% research under the direction of the Director of the MRRC.. Job responsibilities include high field MRI data acquisition, protocol development and technical development including hardware and software. Duties will also include the preparation and submission of manuscripts for publication and abstracts for conference presentations. Please send a letter of interest and current CV to: [hetheringtonh@upmc.edu](mailto:hetheringtonh@upmc.edu) or Hoby Hetherington, PhD Department of Radiology, University of Pittsburgh, 200 Lothrop St, suite 204e, Pittsburgh, PA 15213.

The University of Pittsburgh is an Equal Opportunity Employer for EEO/AA/M/F/Vets/Disabled.
