Job Title: MRI Technologist
PVN ID: RC-2106-004078
Category: Research
Location: CUNY-ADVANCED SCIENCE RESEARCH CENTER

Department: Neuroscience MRI Facility
Status: Part Time
Hourly Rate: $44.66-$50.00
Hour(s) a Week: 9.00-19.00

General Description:

The Advanced Science Research Center (ASRC) at the City University of New York (CUNY) is a 200,000 square-foot facility in upper Manhattan designed to promote collaboration among scientists in five areas of global research and innovation: nanoscience, photonics, structural biology, neuroscience, and environmental sciences.

The ASRC seeks a part-time MRI Technologist whose main responsibility will be evening and weekend neuroimaging of pediatric populations.

Specific major duties and responsibilities include:
• Operate Siemens Prisma 3T MR system dedicated to research.
• Maintain an MRI safe environment for co-workers, research subjects, and personnel at all times. Screen all people who access MRI area.
• Select and operate equipment as directed.
• Report any equipment malfunctions, necessary adjustments, or repairs.
• Restore/provide access to data for ASRC researchers and collaborators.
• Maintain daily logs of research examinations.
• Assists in coordinating MRI scanner schedule
• Comply with policies and procedures protecting research subjects' rights for informed consent and the handling of confidential information as defined by the ASRC MRI Facility's rules and regulations.
• Perform other duties as assigned.

Other Duties:

Opportunity to learn neuroimaging research techniques is possible, including:
-EEG, tDCS, TMS, eye-tracking, etc.

Qualifications:

A preferred candidate should have:
-ARRT certification
-Experience in imaging children and general work experience involving children
- Knowledge of NMR physics
- Computer experience with Windows OS and Microsoft Office.
- Familiarity with Siemens MRI operating console
- Excellent interpersonal skills
- Ability to work independently and as part of a team
- Experience in research/university setting a plus
