Postdoctoral positions in Oregon National Primate Research Center, Oregon Health and Science University, Portland, Oregon

Postdoctoral positions are available for a newly NIAAA-funded study in the Division of Neuroscience at the Oregon National Primate Research Center (ONPRC) at the Oregon Health & Sciences University to study the effects of prenatal ethanol exposure in a non-human primate model of fetal alcohol spectrum disorder. These positions will take part in a collaboration between laboratories, integrating fetal MRI, *ex vivo* slice electrophysiology, and primate behavior including the assessment of normative behavior, cognition and emotional regulation. Responsibilities will include assisting at multiple phases of the study, including data collection, data analysis, and results dissemination by publications and presentations at national meetings. MRI studies will be performed on a nonhuman primate-dedicated Siemens 3T Prisma system located on the ONPRC campus.

**Requirements:**

Potential postdoctoral candidates should have or be completing a Ph.D. in Neuroscience, Biomedical Engineering, or related discipline. Candidates with expertise or prior experience in one of the following areas (and a strong desire to develop additional skills in at least one additional area) are especially encouraged to apply: neuroimaging data acquisition and analysis, developmental neuroscience, models of alcohol use disorder, *ex vivo* slice electrophysiology, behavioral models of learning and motivation. In addition, the candidate should be (1) fluent in written and spoken English, with excellent oral and written communication skills, (2) be able to work both independently and as part of a team, and (3) be hard-working, motivated, and eager to learn.

**How to Apply:**

Interested candidates can apply through the OHSU job site: [https://www.ohsu.edu/human-resources/job-application-website](https://www.ohsu.edu/human-resources/job-application-website), job number A104395. Please include a current *curriculum vitae* or NIH Biosketch, a brief statement of research interests, and contact information for three professional references.

Oregon Health & Science University is an equal opportunity, affirmative action institution. All qualified applicants will receive consideration for employment and will not be discriminated against on the basis of disability or protected veteran status. Applicants with disabilities can request reasonable accommodation by contacting the Affirmative Action and Equal Opportunity Department at 503-494-5148.
