MR Physicist Position

An MR Physicist position is offered for the MR Platform of Columbia University’s Zuckerman Mind Brain Behavior Institute in the City of New York. This is a full-time position for a PhD level physicist or engineer with a background and interests in working with teams of scientists and MR specialists, veterinarians and review boards to assure safe and effective MRI-based research. The MR Physicist will support mind, brain and behavior researchers by working with them to design, program and implement data acquisition protocols, and to acquire, curate, analyze and interpret their experimental results. Training scientists new to MRI in pulse sequences, MR physics and data interpretation is also an important role of this position. Competitive salary is commensurate with experience. We welcome your application at https://apply.interfolio.com/102307.

Columbia University is an Equal Opportunity Affirmative Action employer; women and minorities are encouraged to apply.
