

4th International Workshop on MRI Phase Contrast and Quantitative Susceptibility Mapping (QSM)

September 26-28, 2016

Medical University of Graz, Graz, Austria

<http://qsm.rocks>

<http://www.qsm2016.com>

Goals of the workshop:

- Education on all aspects of tissue susceptibility and electrical properties and their measurement
- Pooling knowledge and building connections
- To discuss recent developments
- To foster the development of QSM technology and the translation of QSM into clinical practice

REGISTRATION

The following registration options are available for the 4th QSM workshop. The registration fee includes admission to all scientific sessions, coffee breaks, lunch and dinner.

	EARLY	LATE
	until August 8th	after August 8th
Non-Member	400 EUR	500 EUR
ISMRRM-Member	350 EUR	450 EUR
Student-Member *	250 EUR	350 EUR

* Students need to send a letter from the supervisor as proof of trainee status to qsm@qsm2016.com
